O R D E R

On June 23, 1994, the Commission received correspondence from Laurel County Water District No. 2 ("Laurel County") requesting approval to discontinue the surcharge approved in this case October 24, 1986. The Commission shall treat this letter as a motion.

The Commission, after consideration of the record, finds that Laurel County has completed the construction for which the surcharge was granted but that the debt has not been retired. In its tariff filed September 16, 1992, Laurel County received Commission approval to use reserve funds for this and other construction projects. It therefore no longer needs the surcharge to retire the indebtedness.

IT IS THEREFORE ORDERED that Laurel County Water District No. 2 shall, for bills rendered on and after the date of this Order, discontinue the \$10.00 surcharge for water line extensions.

Done at Frankfort, Kentucky, this 1st day of August, 1994.
